WHO WE ARE

Bella Pelle Body Clinic opened its doors in Yarrawonga in 2013. Our professional team is guided by Carly Knowles, head make-up artist, who was trained in Melbourne and has over 11 years experience. Bella Pelle offers make up and hair styling for all occasions; bridal, personal, demonstrations, editorial, corporate, workshops, fashion, advertising, TV and media. Make-up services are provided at both of our fully equipped clinics in our Bella Pelle Make Up Bar, or freelancing on location by our highly qualified and professional team.

a privilege’

OUR PHILOSOPHY

Our vision at Bella Pelle Body Clinic is to provide leading edge, result driven treatments customised to each individual. Our unique approach to consulting and treating our customers ensures we have the solution to all skin & body concerns and needs. All our clients get maximum results as well as the ultimate experience. It is important to us to not only work on the skin topically, but focus on educating our therapists to address skin concerns from within. Our ingredient and chemistry knowledge helps us to prescribe nutritional supplements and advice on diet to also help treat skin conditions and concerns.
