beautiful skin

## Award winning skin clinic located in beautiful Yarrawonga, Victoria

Do you suffer acne skin & breakouts, lines & wrinkles, ageing skin, brown spots & pigmentation, facial scarring or reddened skin & rosacea? Sick of shaving & just want permanent hair removal? Just need to unwind & are looking for a pamper session?

Well, our team, are dedicated to solving all your skin, laser & beauty concerns.

"Our vision at Bella Pelle Body Clinic is to provide leading edge, result driven treatments that are customized to each individual. We have created a unique approach to consulting and treating our customers skin and body concerns.

Using state of the art technology & cutting edge facial & body treatments we have the solution to all skin & body concerns & needs. Our goal is to ensure that our clients get maximum results for all services performed, ensuring the ultimate experience for all of our valued clients.

We welcome you as our guest and hope that you love your experience at Bella Pelle Body Clinic."

*Carly Knowles*  
Director

# Specialised skin treatments

Relax & revive with a comprehensive treatment using only the latest technologies. Each facial begins with an advanced skin analysis & a discussion about your lifestyle to ensure that the correct treatment & products are used & recommended. We then tailor your facial to the individual needs of you & your skin, with extractions included in all facials at no additional charge. We also educate you about your skins current condition & provide personalized skincare recommendations to compliment & enhance your treatment.

Listed below are some examples of the types of facial treatments we offer, however each clients condition & needs are different, therefore we advise & select the appropriate treatment for you on the day.

## Facial Treatments Start from \$120.00

### HIGH PERFORMANCE SIGNATURE FACIALS

A clinically designed treatment to improve any skin type. Your skin will be resurfaced, hydrated, brightened & firmed.

A double cleanse, exfoliation, steam & fruit acid or enzyme peel exfoliation to cut away dead cells. Extractions are performed to remove all congestion, high frequency to sterilize & prepare the skin for infusion of our highly potent serums. An infusing & relaxing face, neck, shoulders & scalp massage to increase circulation and tone facial contours. A specially selected mask for specific skin type & finish with appropriate serums, creams & SPF.

### DEEP CLEANSING FACIALS

A decongesting treatment to rebalance problem & acne prone skin.

We focus on cleaning out oil and sebum build up, sebaceous filament, pimples & breakouts with a customised facial adjusted according to your skin's needs.

### SOOTHING FACIALS

A purifying & calming treatment with the use of anti-inflammatory based products & super hydrating masks to reduce redness & work on improving a depleted or impaired barrier function.

### ANTI-AGING & FIRMING FACIALS

Improves skin elasticity, tone, texture leaving a more radiant glow.

Eliminates toxins & relaxes muscles. Skin cells are stimulated & skin circulation is boosted.

### PRIN LYMPHATIC THERPAY FACIALS

A tightening treatment mask which is designed to work with the circulatory system by applying transient pressure to the skin to assist with activating the lymphatic drainage processes & feeding the cells fresh oxygenated and nutrient rich blood.

### VITAMIN FACIALS

The latest vitamin treatments designed to deliver instant results.

### GALVANIC, IONTOPHORESIS & SONOPHORESIS FACIALS

This technology is based on positive and negative iontophoresis force to create a magnet-like effect. The positive ion effect is responsible for pushing products & nutrients deeper into the skin. The negative ion force purges the pores of impurities by disencrusting the congestion within the pore. This is a very cleansing and firming treatment for the skin achieving maximum ingredient penetration.

Sonophoresis is a process that increases the absorption of topical compounds into the skin with use of ultrasound waves that stimulate micro-vibrations within the skin & increase the overall kinetics energy of molecules making up topical agents.

### OXYGEN FACIALS

Hyperbaric oxygen technology AKA: the 'Events Facial'

This super hydrating facial, loved by celebrities, uses oxygen therapy to infuse highly concentrated serums, containing hyaluronic acid, vitamins, antioxidants, and brighteners to freshen & plump the skin. This is a brides ultimate treatment.

### THE GREEN FACIAL

Refresh & revive that dull skin with this genius topical oxygen system to detoxify, increase tissue repair & is a conditioning treatment.

An oxygenation treatment delivers a boost of O2 directly into the skin improving circulation, congestion, brightens & revitalizes dull lackluster skins!

### THE BLOKES FACIAL

This treatment is customized specifically for men. Start with an ear, nose & eyebrow tidy, the facial then commences with a deep cleanse under steam to soften the beard to help flick out any ingrown hairs & thoroughly clean out congested skin. Microdermabrasion is performed to exfoliate dead cell build up & a face, neck, shoulder & head massage using a tailored clay mask to detox & hydrate.

## TREATMENT BOOSTERS

### CAN BE ADDED ONTO ANY SKIN TREATMENT

**AHA, BHA, Retinoic Acid, Oxygen Peels, Enzyme Peels** from \$30.00

**Vitamin Soft Rubber Masks** from \$30.00

**Collagen fleece masks** from \$40.00

**Collagen Peptide masks** from \$40.00

**Lip treatment (to refine lines around the mouth)** \$30.00

**Eye treatment (to reduce puffiness, dark circles & lines)** from \$30.00

**Thermal Paraffin Facial Mask** \$40.00

**Vitamin Infusions** from \$25.00

**Microdermabrasion (added to any other facial type)** \$40.00

**LED Light Therapy (added to any other facial type)** \$50.00

**Hydro Jelly and Sheet Masks** from \$35.00

# Advanced Skin Treatments

## MICRODERMABRASION FACIALS

Microdermabrasion is a painless, gentle but thorough cosmetic procedure that uses a mechanical medium for exfoliation to gently remove the outermost layer of dead skin cells from the epidermis. At Bella Pelle we offer a choice of either Crystal or Diamond Head Microdermabrasion. With this treatment we combine Micro with a full facial treatment.

## HYDRABRASION FACIALS

HydraDerm or Hydrabrasion is the latest in aesthetic technology to polish, refine & hydrate the skin in the one treatment. It combines a microdermabrasion treatment followed by the Hydrabrasion water blast, effectively removing dead cell build up on the skin surface while the water Hydrabrasion treatment cleanses the skin further & provides hydration. This is the perfect treatment for those seeking radiance & smoothness.

## LED LIGHT THERAPY FACIALS

LED Phototherapy has long been known for its regenerating and anti-inflammatory properties. Increases collagen production, destroys acne causing bacteria, reduces inflammation, improves skin tone, texture & clarity & eases muscular & joint pain.

**Single LED Session** includes professional cleanse, light exfoliation, sonophoresis/ultrasonic, concentrated boosting serum, 20-30 min LED session. **\$75.00**

**Ultimate LED Facial** is a full facial treatment including professional cleanse, Desincrustation or Sonophoresis, extractions, lactic acid peel, facial massage, high performance gel mask, concentrated boosting serums, 20-30 min LED session, finishing serums and creams. **\$160.00**

**Series of 6 \$350.00    Series of 8 \$420.00    Series of 10 \$520.00**

## EPI BLADING

**EPI Blading** is performed using an Epi-blade to exfoliate pigmentation, age spots, fine "peach fuzz" like hairs & excess oil. This treatment improves the texture of the skin, reduces fine facial hair, helps significantly enhance the penetration of active products. Includes a feeding skin peel using retinols, lactic acid or Vitamin C. See immediate visible results!  
**\$150.00**

## DERMAPEN SKIN NEEDLING

For the treatment of fine lines & wrinkles, acne, scarring, cellulite, pigmentation, telangiectasia, stretch marks, enlarged pores & more. Dermapen MicroNeedling regenerates the affected area by stimulating the production & distribution of collagen. This is achieved when the 12 or 16 needle cartridge glides over the skin, creating up to 1920 fractional microchannels per second that penetrate the deeper layers of the skin, triggering the body's natural wound healing response. **POC**

**POC = Price on Consultation**

## CLINICAL SKIN PEELS

Bella Pelle's Chemical Skin Peels are clinical strength, results orientated, corrective treatments & far superior to any ordinary facial in terms of truly visible results and long term durability. **POC**

## CRYOPEN

Remove unwanted lesions in as little as a few seconds. Delivering a precise jet of highly compressed liquefied nitrous oxide (N<sub>2</sub>O), Cryopen effortlessly removes benign imperfections including warts, skin tags and lentigenes. **POC**

## ANTI-WRINKLE INJECTIONS & FILLERS

A detailed, no obligation consultation, with our highly qualified medical professional, Dr. Kate Howsan, to discuss the results you would like to achieve using injectable fillers or anti-wrinkle Botox injections. **POC**

## LASER SKIN REJUVENATION TREATMENTS:

This revolutionary method involves a beam of light being pulsed onto the skin in the areas to be treated. Common areas are Full face, neck, décolletage, & back of hands. This improves the signs of photo-aging while reducing fine lines, wrinkles, enlarged pores, poiklederma (chicken skin on neck), telangiectasia (small red vessels), irregular pigmentation, freckles, sun damage spots, acne & acne scarring, resulting in dramatically younger & more beautiful skin. The benefits are consistent, with visible improvement in the skin, &, most importantly, minimal discomfort. **POC**

## eTWO SUBLATIVE RESURFACING & SUBLIME SKIN TIGHTENING SYSTEM

The eTwo treatment combines Sublative Rejuvenation (eMatrix Resurfacing) & Sublime Skin Contouring treatments. This method revives your skin to appear more youthful.

eTwo is a treatment that uses radio-frequency energy (electrical as opposed to laser, which is light energy) to deliver an effective fractional resurfacing & tightening to reduce fine lines, wrinkles, lax skin, pores & scarring.

**Sublative Resurfacing Treatment Only POC**

**Sublime Skin Tightening Treatment Only POC**

**Clinical 360 combo (sublime, sublative & microPLUS) POC**

## Hair Removal Treatments

### LASER HAIR REMOVAL

Laser treatment for unwanted hair is a non-invasive approach to permanent reduction & long-term hair removal.

We use a Candela GentleLase PRO, which is the most world wide approved device as the highest grade medical laser with gold standard wavelengths (755nm) of light for treatment of unwanted hair, benign pigmented lesions, vascular lesions & wrinkle reduction.

Our Laser Specialists are fully qualified, certified and trained laser specialists.

We have a Dynamic Cooling Device fitted onto our laser machine making it the most comfortable, pain free, laser on the market. You literally feel like cold gas is being sprayed onto your skin! **from \$79.00**

### ELECTROLYSIS HAIR REMOVAL

Electronic permanent removal of individual hairs from the face and body. Hygienic disposable needles used for each treatment. Ideal for grey, white, or unpigmented hairs that Laser will not treat. Popular areas include chin and facial hairs. **POC**

The unique approach to skin & body care you have always been looking for.

We use both conventional & airbrush Makeup application methods. **from \$80.00**

Strip lashes **extra \$20.00**

# Hands & Feet Essentials

A luxury treatment for those tired hands & feet. Sit back & relax in our specialized Pedicure & Manicure stations, or team your treatment up with your facial. This is a comprehensive treatment to totally refresh & renew the hardest working parts of our body.

**Signature European Pedicure \$75.00**

**Deluxe Hot Stone Thermal Pedicure \$90.00**

**Bella Pelle Beautiful Hands Manicure \$50.00**

**Colour Gloss Gel Nails & Shellac Nails \$45.00**

**Add on paraffin hands or feet treatment \$20.00**

**File and Polish \$30.00**

**Add on shellac or colour gloss gel to Mani or Pedi service \$35.00**

# Bella Brows & Eye Styling

Our passionate brow experts will transform your brow line using a wax, tweeze and alignment method. Your eyebrows shape your face so it is very important to ensure your brow style is shaped correctly. We use a specific method at Bella Pelle Body Clinic by measuring exactly on the face where your brows should, start, finish and arch.

After your brow sculpting treatment we take time to educate you on home maintenance and guide you through the art of filling in the brow line with a tailored brow product from one of our cosmetic ranges. We also will advise on whether your brows will need any colour enhancing to define your brow shape.

**Brow Sculpt \$25.00**

**Eyebrow colour adjustment \$16.00**

**Eyelash Tint \$25.00**

**Lash & Brow Tint \$35.00**

**Lash Lift (including tint) \$72.00**

**Classic Lash Extensions \$160.00**

**Classic Lash Refill from \$70.00**

**Lash Extension Removal \$40.00**

**Henna Brows** This exciting new treatment is the perfect addition to your brow sculpting service. Henna tinting "stains" the skin more effectively than regular tinting & sets to a powder like matte finish that last 2-4 weeks depending on the skin type. Henna reduces the need to fill in the brows and adds definition where hairs are sparse or non-existent. No peroxides or preservatives are used. Perfectly suited to sensitive skin types. **\$36.00**

## SEMI PERMANENT COSMETIC TATTOO

### Feather Touch Brows

The feathering motion mimics real brow hair & can be individually customised to suit your preferences. An organic pigment is implanted into the outer layers of the skin & can last anywhere between 9-18 months depending on the skin type. **POC**
